## ASSESSMENT OF NEEDS

Rapid advances in HIV disease management require the ongoing attention of practitioners involved in HIV medicine. This course will address the implications of new information on strategies for clinical management. Information will be presented through a mix of didactic lectures and clinically relevant cases developed by an expert faculty of HIV/AIDS clinicians and researchers.

## COURSE OBJECTIVES

Upon completion of the course, participants will be able to:

- Design antiretroviral strategies that consider current data on:
  - Initiating therapy
  - Managing treatment failure
  - Interpreting resistance test results
  - Concurrent opportunistic infections
- Describe the current potential for HIV eradication
- Develop practical plans for improving patient retention in care
- Describe renal complications of HIV disease and its treatment
- Screen for selected non-AIDS-related malignancies
- Explain the key clinical concerns associated with vitamin D deficiency in HIV-infected patients
- Describe the current state of the H1N1 virus epidemic in HIV-infected individuals

## CONFLICTS OF INTEREST

Information regarding financial relationships with commercial companies that have interests in the content discussed, is obtained from all parties with control over the activity content (ie, co-chairs, faculty, and IAS-USA staff), and any conflicts of interest of those parties are resolved prior to the activity being delivered. Financial affiliations of all those parties are published in the course syllabus.

## WHO SHOULD ATTEND

This course is designed for physicians and other clinical decision makers who are actively involved in the medical care of people with HIV/AIDS, specifically those who:

- Have a solid, working knowledge of HIV disease management
- Provide comprehensive or specialty care for patients with HIV/AIDS
- Are currently active in HIV/AIDS research

This course is relevant for practitioners who are involved in HIV/AIDS patient care, including nurse practitioners and other nursing professionals, physician assistants, pharmacists, and others.

Representatives and employees of commercial companies (pharmaceutical, diagnostic, medical products, advertising, insurance, investment, communications firms, etc) must contact the International AIDS Society–USA regarding registration procedures.

## CME ACCREDITATION

The International AIDS Society–USA is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

## CREDIT DESIGNATION

The International AIDS Society–USA designates this educational activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## American Academy of Family Physicians Credit

This activity has been reviewed and is acceptable for up to 5.75 Prescribed credits by the American Academy of Family Physicians.

## Nursing Contact Hours Credit Designation

Southeast AIDS Training and Education Center is an approved provider of continuing nursing education by the Georgia Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Contact hours will be awarded based on attendance at entire training program and submission of completed evaluation forms. This course is preliminarily approved for 6.6 contact hours.
