

COURSE FACULTY, IAS–USA STAFF, BOARD OF DIRECTORS, AND VIRAL HEPATITIS ADVISORY BOARD FINANCIAL RELATIONSHIPS WITH COMMERCIAL ENTITIES

In the interest of maintaining the independence of its CME activities, and in accordance with the policies of the Accreditation Council for Continuing Medical Education (ACCME), the IAS–USA requires all persons with control of content (eg, course faculty, IAS–USA Board members, Viral Hepatitis Board members, and program staff) to disclose any financial relationships that they or their spouses or partners have had with commercial companies within the previous 12 months. Any real or apparent conflicts of interest of those parties are resolved prior to the CME activity being delivered. Individuals who refuse to disclose financial interests may not participate in an IAS–USA CME activity. The **ACCME defines a commercial interest** as “any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The **ACCME** does not consider providers of clinical service directly to patients to be **commercial interests** – unless the provider of clinical service is owned, or controlled by, an ACCME-defined commercial interest.” Below are the financial interests that faculty members of this course have had within the past 12 months as of the date listed. View the [Faculty Financial Disclosure Policy](#).

MILWAUKEE, WISCONSIN—NOVEMBER 6, 2018
